ENABLING PROGRAM

Scholarship

We've made studying the UniReady Enabling Program easier, with the UniReady Scholarship for regional Western Australian students.

UniReady is a program you can study online or on campus for free, but there are still some costs associated with it, such as travel and accommodation if you decide to move to Perth, or the cost of internet access if you're studying online. Covering these costs is now easier, with help from the UniReady Scholarship for regional Western Australian students.

ABOUT UNIREADY

UniReady can help you qualify for entry into health, arts and creative industries, language, culture, education and business degrees. It is an excellent option if you missed out on Curtin's minimum ATAR, completed year 12 but did not take WACE exams, are undertaking or completed vocational studies and now want to come to university or if you are a mature-age student (over 20 years old).

UniReady is a one semester program (13 weeks, plus orientation and exam weeks) that is open to Australian and New Zealand citizens and permanent residents. It consists of four units that will help prepare you for university study. If you pass each unit you will be recognised by Curtin and TISC as meeting the University's minimum entry requirements. You can then apply for certain undergraduate courses at Curtin.
